

ATTIRE

As St. Mary's Summer Campers we are serving as co-ministers in Christ. Our hope and prayer is that we will all help to provide an environment that seeks to exemplify and develop what is known as **inner beauty**. For this reason we ask all of our participants to assist us by serving as role models to one another in highlighting the soul and downplaying body image.

We ask that all participants consider their wardrobe carefully before packing. Bathing suits must be modest one piece for women, and standard loose fitting swim trunks for men.

At no time should underwear, lingerie, or tightly fitting garments be seen outside the cabin. This includes spaghetti strap tank tops with bra straps easily seen, loose fitting tank tops that expose athletic bras, baggy pants that fall lower than usual exposing underwear, etc. Please understand that we **want** people to wear appropriate undergarments, we just don't want to see them.

A good rule of thumb is to "reach for the sky, reach for your toes, if it (your skin) shows it goes."

Please also give careful consideration to printed language on t-shirts. For example, alcohol and tobacco advertising, or suggestive language, would not be considered appropriate for camp.

Thank you for your assistance in helping to edify the inner beauty that God has blessed each of us with.
